Dear colleagues,

It is our great pleasure to announce the SASL School of Hepatology, which is a curriculum of quarterly hepatology educative sessions for Swiss gastroenterologists and hepatologists. Experts in the field present state of the art lectures, which will be broadcasted through interactive teleconference.

We are looking forward to meeting you at one of the centres in Switzerland and keeping you updated in the constantly evolving field of hepatology!

Sincerely,

D. Moradpour

Format

A series of 8 modules covering systematically all topics in the field of clinical hepatology over a period of 2 years.

Single Module

Each module consists of 3 topics presented and discussed in 1,5 hours. Each module will be held simultaneously at different centers in Switzerland, by distributing the content via videoconference to each center, allowing interaction and discussion from anywhere in Switzerland.

Target audience

Fellows enrolled in gastroenterology- or hepatology-oriented departments, or experienced clinicians who want to refresh their knowledge.
